

Ask the I&R Specialist April 2006

**By Marlene Hester and Alicia Brodsky
Office of Information and Assistance Services
NJ Division of Disability Services**

An acquaintance of mine suggested that I might be interested in attending something called the “Abilities Expo” – what is that?

The Abilities Expo is the **largest annual disability event in the state**. It is held in the middle of April each year for three days at the New Jersey Convention and Exposition Center in Edison, giving consumers, families, and professionals in the disability field an opportunity to visit hundreds of booths featuring a wide variety of products, services, and workshops.

The Division of Disability Services has a booth there every year, and we always like to encourage our callers to attend. For more information, check out www.abilitiesexpo.com – and our office always has a supply of complimentary tickets to get you in free and save you the \$5.00 price of admission, so feel free to call us to request as many as you need.
